4 December 2018

Group 25 (Hong Kong Information Technology Industry Council) successfully held the training course "The Executive Certificate in Big Data and Business Analytics" in April and October this year. In order to construct an IT community, a series of sharing sessions will be organised for the graduates of the training courses. This is to cultivate Hong Kong IT talents to further develop and promote big data. The series will cover different IT related topics and 4 sessions will be organised in the coming year. The first course will focus on data aggregation and handling with Tableau Prep. The speakers will provide more practical information and tips. Details are as follows:
