Leading Germany Firms to Speak at Industry 4.0 Conference

Industry 4.0 has drawn much attention today as it is heralded as the next industrial revolution. Originating from Germany, it is a collective concept of Cyber-Physical Systems, the Internet of Things and the Internet of Services. Ultimately it will facilitate the vision of a “Smart Factory”.

Adsale and VDMA, the largest manufacturing association in Europe, will join hands to present Industry 4.0 Conference on 26-27 April, 2016 at CHINAPLAS 2016, which will bring together leading experts and successful implementers to talk about Industry 4.0 from the macro view to modular implementations, system integration and optimization. Eminent speakers includes Arburg, Beckhoff, Bosch Rexroth, Christian Maier, EREMA, Engel, Haier, KraussMaffei, Maschinenfabrik, Motan, Leistritz, Reifenhäuser, SAP, Wittmann Battenfeld, etc.
