  	<h2 style="color: orange;">Mission to Indonesia</h2> <h3 style="color: orange;">For Toys Industry</h3> <h4 style="color: orange;">24 -28 Mar 2019 (5 days)</h4>
---	---

With the increasing labour costs, labour shortages in the Mainland, more and more overseas buyers encourage manufacturers to set up factories in Southeast Asian countries to reduce the impact of high costs and tariffs. Indonesia has a population of more than 260 million with ample labour and relatively low wages. To enhance employment opportunities, the government has introduced investment preferential policies to attract manufacturers for local investment in recent years.

FHKI Group 19 (Hong Kong Toys Council) and The Toys Manufacturers' Association of Hong Kong jointly organise "Mission to Indonesia for Toys Industry" in March 2019. The Hong Kong Trade Development Council is invited as Supporting Organisation. The mission allows members to conduct on-the-spot investigations and know more about the current economic situation and investment environment in Indonesia. In addition to meeting with local companies, members will visit several toy factories including two Hong Kong-owned enterprises with toy factories in the Mainland and Indonesia. Details of mission are as follows:
