7 March 2018

**Seminar on "ERP · MES · APS · Industry 4.0"**  
 How Manufacturing can **optimize production planning and scheduling**,  
**improve supply chain management**, **lower inventory cost**, and  
**get full visibility** of real-time and accurate information

Date : 26 Mar 2018 (Mon)  
 Time : 2:30pm - 5:00pm  
 Venue : FHKI Conference Room

With the ever-changing market today, the short product life cycle and inefficient inventory turnover have caused rising production and operation costs in manufacturing industry. It is difficult for manufacturer to control the actual cost and know what the margin is. Thus cost control is the crucial issue for manufacturing.

Data World Solutions Limited will introduce the top ERP/ APS / MES technology and the solution which is one of the world's top brand that is most fit to manufacturing needs, enabling manufacturing create highly informative management system and automated production line, reduce the cost and optimise operation, to bridge Industry 4.0.
